

EAST NORWICH MEDICAL PARTNERSHI-

Primary Care Networks – 01.07.2019

We are a member of a Primary Care Network (PCN). We are a member of the Norwich Primary Care Network – We are in the East Norwich Neighbourhood. This means we will be working closely with a number of Practices and health and care organisations to provide healthcare services to you.

During the course of our work we may share your information with these Practices and health care organisations/professionals. We will only share this information where it is necessary for healthcare purposes.

When we do this, we will always ensure that appropriate agreements are in place to protect your information and keep it safe and secure. This is also what the Law requires us to do.

Below is a list of the Primary Care Networks across the county. You can find out which organisations (including your GP practice) have come together to form a network and share healthcare information in order to deliver services;
